

# INVEST IN TANZANIA

## A LAND OF LIMITLESS OPPORTUNITIES

On 17th April, 2008, DMA managed the First UK/Tanzanian Investment Forum. Over 200 delegates attended the UK Tanzania Investment Forum at Savoy Place in central London.

The Tanzanian Government, represented by its Vice President, key ministers, Central Bank Governor, investment centre and major businesses came to the UK for the purpose of engaging with the investment community from the UK, Ireland and mainland Europe. A number of specific investment projects were discussed in detail with key note presentations also made by the British Government and parliamentarians.

Described by delegates as being the ‘best managed African Investment Forum in the UK’ over the past twelve months, the forum was supported by the British, Irish and Tanzanian Governments.
